HOME, sunny rooms, front suits, glass porch, furnace heat, good board.

ON WITH THE FLAG.

FOUR THOUSAND AMERICANS CHARGE UPON SIX THOUSAND FILIPINOS.

Through Mud and Water to Their Waists the Gallant Men
Under Gen. MacArthur Struggle Forward Against
the Strongly-entrenched Enemy.

Attack Opened Early in the Morning With Shelling of Bacolor—San
Antonio Taken and the Enemy's Right Flanked—Our Right
Takes Cutzuz With Splendid Fighting.
Angeles Now Menaced.

[BY DIRECT WIRE TO THE TIMES.]

MANILA, Aug. 9.—(Exclusive Dispatch.) Gen. MacArthur has driven the in-
surgents away from San Fernando and commenced a forward movement that will
not stop until he has taken and established himself at Angeles, a base of infinitely
greater importance than the one he has occupied for two months past. He whipped
the rebels wherever he found them, and, despite the serious impediment offered by
the nature of the country and the intense heat, moved speedily and in good order.

He left San Fernando this morning with a force of 5000 men, made up of the
Ninth, Twelfth, Sixteenth, Seventeenth regiments of regular infantry, the Thirty-
sixth and Fifty-first Iowa (volunteer) regiments, and was resisted by a force esti-
mated at 6000. There was intermittent fighting along his entire front all day, but
there were but two sharp engagements, in which he lost less than forty killed and
wounded, against very heavy loss on the part of the enemy.

The flooded country offered more resistance than did the rebels. In five hours
only five miles were gained and part of the time the men were in mud and water to
their waists.

The Thirty-sixth, the new volunteer infantry regiment commanded by dashing
Col. Bell, opened the ball. At 2 o'clock this morning it marched quietly out of San
Fernando and fell upon Bacolor, which it took after a sharp fight. An armored car
propelled by hand led the attack. Brig.-Gen. Liscomb's command, the Twelfth and
Ninth Infantry, with four guns of the Third Artillery, moved to the west; Gen.
Wheaton, with the Twenty-second Infantry, Fifty-first Iowa and Seventeenth In-
fantry, with two guns, moved to the east.

The two guns were first dragged over the road by horses, and then all of the
guns shelled the enemy for half an hour, drawing only a light reply, but the in-
fantry advanced, drew a heavy fire. San Antonio was taken first, and the enemy's right
flanked. Then there was a division of forces, and the right wing swung out and
captured Cutzuz. The Iowans and Seventeenth Infantry and Bell's regiment fought
splendidly. England's battery was also very serviceable.

Gen. MacArthur is only three miles from Angeles tonight, and he will go in
tomorrow. Angeles is said to be a warehouse for rebel stores and ammunition.

ADDITIONAL DETAILS.

[ASSOCIATED PRESS DAY REPORT.]

MANILA, Aug. 9, 7:10 p.m.—[By Manila Cable.] Details of Gen. Mac-
Arthur's advance beyond San Fernando showed that the Americans covered five
miles the first five hours, and at 2 o'clock had advanced six miles along the railroad
stretching on each side of it for two miles, and resting at night three miles from
Angeles, which will be made the northern base of operations instead of San Fer-
nando, where a garrison of 600 men has been left. The casualties are between
thirty and forty.

The Filipinos were surprised, expecting the American forces to move against
Ticao. They followed their usual tactics of holding their trenches until they became
too warm, then retiring in disorder. They are now falling back westward through
Poroc.

The Twelfth and Seventeenth regiments had the sharpest engagements. The
country which our troops passed over is covered with rice fields and bamboo
thickets, the hardest possible ground for marching. The mud in places was knee
deep. Angeles is one of the richest towns north of Manila, and is considered to be
a better base of operations than San Fernando.

The forces at San Fernando consisted of the Iowa Regiment, the Seventeenth
Regiment, the Ninth Regiment, the Twelfth Regiment, Bell's New Thirty-sixth
Regiment, a battalion of the Sixteenth Regiment, Troop E of the Fourth Cavalry
and 15 guns. The movement had been planned for some time, but was delayed by
rains. Finally two days of sunshine dried the rice fields sufficiently to permit the
advance.

The Americans' position had long been unpleasant. The rebel army surrounded
the town and fired nightly into it, the Americans not replying except on extreme
provocation. It was necessary to keep five hundred or six hundred men on outpost
duty constantly.

The American loss in the fighting about San Fernando at 3 o'clock was known
to be 8 men killed and 26 wounded. The loss may possibly exceed these figures, as
the line is five miles long, and it is impossible at this hour to hear from every point.
Our troops are now about Angeles, waiting for the artillery, which has the greatest
difficulty in moving, owing to the wet ground.

The attack was opened at 5 o'clock in the morning, a battery of the First Ar-
tillery shelling Bacolor on the left. Simultaneously Bell's Thirty-sixth Infantry struck
Bacolor from the south and drove the rebels out. Armored cars, each with a
6-pounder and two Gatling revolving cannon on board, were mounted on the rail-
road track in the center of our lines. Soon afterwards the guns did sharp execution.

Battery M of the Third Artillery and a hundred men of the Iowa Regiment made
a feint toward Mexico, while the main body of troops, consisting of the Iowa Regi-
ment, the Seventeenth Regiment and a battalion of the Twenty-second Regiment
under Gen. Wheaton on the right, and the Ninth Regiment, Twelfth Regiment and
Bell's regiment under Gen. Liscomb, on the left, advanced steadily, pouring their
fire into the rebels and receiving a heavy fire in return.

The rebels were well protected by trenches and seemed not to lack ammunition,
but they were unable to withstand for any length of time the hail of shot our ar-
tillery and infantry poured in on them, and retreated, leaving dead and wounded on
the field. A dozen prisoners were captured by our troops.

The reports indicate that the Ninth Infantry suffered the most, though the cas-
ualties of all the regiments are not yet reported. The weather was extremely hot,
and our troops suffered greatly, but there was no faltering.

A company of the Sixth Regiment went to the relief of Bell's regiment this af-
ternoon. The firing, except at isolated points, had ceased by 10 o'clock.

Capt. Deems, with a provost guard, last night captured a noted Filipino fakir,
with several aliases, who, by means of ventriloquism, had persuaded the natives that
he has supernatural powers. He raised much money, ostensibly for the insur-
rection, which he kept for himself. Our soldiers surrounded his house and cornered
thirty Filipinos. Many others escaped. The troops also captured \$1000. Immoral
as the fakir is generally known, has been predicting the fall of Manila. His prophe-
sies have created excitement among the natives, who believed them.

Reports from native sources say 150 Filipinos were killed in Gen. Hall's en-
gagement at Calamba and in skirmishes.

THE OFFICIAL REPORT.

Gen. Otis Says Rain Delayed What Was Ordered for Monday.
[ASSOCIATED PRESS DAY REPORT.]

WASHINGTON, Aug. 9.—Gen. Otis confirms the report of a battle at San
Fernando in the following cablegram:

"MANILA, August 9.

"Adjutant-General, Washington: MacArthur, with 4000 men, attacked insur-

gent army, 6000 strong, concentrated
around San Fernando, 5:15 this morn-
ing. At 10 a.m. had driven it five
miles in direction of Angeles. Cas-
ualties few. Attack ordered for 7th
Inst.; rain did not permit movement.
Railway from Angeles north badly
washed by unprecedented floods of
last six weeks. Beyond ability of in-
surgents to repair. "OTIS."

STEAMER SATURNUS BURNING.

The Yorktown Reports Her Totally
Wrecked—San Fernando Shelled.
[ASSOCIATED PRESS DAY REPORT.]

MANILA, Aug. 9.—(By Manila Cable.) The steamer Saturnus of the
Compania Maritima, coasting under
the American flag, was discovered
August 2 by the United States gunboat
Pampanga beached at San Fernando
under the insurgent trenches there.
The steamer was boarded by an armed
boat's crew and the passengers were
off. The cargo, consisting of general
merchandise and \$100,000 in specie, had
been sacked. Several attempts to tow
the Saturnus off were unsuccessful.
The Pampanga then left San Fernando
in search of further assistance, where-
upon the insurgents returned and set
fire to the vessel.

The United States gunboat Yorktown
arrived here yesterday, after bomb-
arding San Fernando. The Saturnus
she reported, was still smoldering, and
the steamer was a total wreck.

CAREFUL OF THE MEN.

NAVY DEPARTMENT WILL LET THEM COOL OFF AWHILE.

Acting on Admiral Dewey's Sugges-
tion, Vessels of the Fleet are Or-
dered Sent to the Northward of
Manila Whenever Possible.

[BY DIRECT WIRE TO THE TIMES.]

WASHINGTON, Aug. 9.—[Exclusive
Dispatch.] Responding to the sugges-
tion made by Admiral Dewey, the Navy
Department has directed that officers
and men on the Asiatic station shall be
partially relieved during the next few
months from the enervating effects of
long and constant service in the Philip-
pines. A dispatch was sent today to
Rear-Admiral Watson, commander of
the station, directing him to send, ac-
cording to his own discretion, several
vessels under his command in rotation to
Yokohama or some other port far north
of Manila, the stay of each vessel in
northern waters to be determined by
the needs of the service in the Philip-
pines. This also is taken entirely in
behalf of the officers and men of the
fleet, many of whom are now suffering
from the effects of their stay in the
tropics.

A letter was received at the Navy
Department yesterday from Admiral
Dewey, suggesting that this step be
taken. It was his idea that the naval
service at Manila and among the is-
lands would not be impaired if several
vessels should be ordered by two and
three to Yokohama or some port
equally far north. It is expected Rear-
Admiral Watson will comply with the
directions of the Navy Department at
once. Upon arrival at Yokohama or
such other ports as may be selected,
the men will be allowed generous shore
leave.

FORTHCOMING CONFERENCE.

[ASSOCIATED PRESS NIGHT REPORT.]

PLATTSBURG, Aug. 9.—President
McKinley had nothing to add today to
the statement made to the Associated
Press last night by Secretary of War
Root in regard to the campaign in the
Philippines.

There is reason to believe that Secre-
tary Root will soon have a conference
with Gen. Miles at Washington for the
purpose of deciding whether changes
ought to be made among the officers in
command of the American forces in
the Philippine Islands, in accordance
with the expressed determination to
push forward the campaign there with
all possible vigor.

SECRETARY IN WASHINGTON.

[ASSOCIATED PRESS NIGHT REPORT.]

WASHINGTON, Aug. 9.—Secretary
Root of the War Department returned

to the city tonight from his visit to
New York and Lake Champlain, where
he has been in conference with the
President.

NAVAL APPRENTICES WANTED.

[ASSOCIATED PRESS NIGHT REPORT.]

"CHICAGO, Aug. 9.—Lieut. B. A.
Wells, junior in command of the naval
recruiting station at Chicago, has re-
ceived orders from Washington for
the recruiting of a number of naval
apprentices between 15 and 17 years
old. The boys will be given a thorough
physical examination. They will be
sent to the Pacific Coast training sta-
tion when recruited, and there given
a course of instruction before being as-
signed to duty.

MARINES FOR MANILA.

[ASSOCIATED PRESS NIGHT REPORT.]

NEW YORK, Aug. 9.—Maj. George
F. Elliott arrived from Washington
today and reported to Rear-Admiral
Phillip, commander of the Brooklyn
navy yard to take charge of the bat-
talion of marines for Manila.

TO TAKE CAROLINES.

[ASSOCIATED PRESS NIGHT REPORT.]

MADRID, Aug. 9.—A dispatch from
Manila reports that the German dis-
patch boat Alava sailed to take pos-
session of the Caroline Islands.

HOLIDAY FOR CALIFORNIANS.

[ASSOCIATED PRESS NIGHT REPORT.]

SAN FRANCISCO, Aug. 9.—It was
decided today at the joint conference
of representatives from the Native Sons
and Daughters with the Citizens' Re-
ception committee that Gov. Gage be
asked to set aside a holiday the second
day after the arrival in the bay of the
transport Sherman with the Califor-
nia Regiment from the Philippines.

The programme contemplates a
military parade on the day of the
troops' arrival, with a grand illumina-
tion at night of the shipping in the
harbor. Next morning the "Fighting
First" is to disembark, and after break-
fast with their relatives at the ferry
depot, march with military escort to
the Presidio, where they will be given
leave to spend the remainder of the
day as they please, which will un-
doubtedly be at the homes they left
to fight for their country.

This night the electric light display
will probably be made in their honor.
The next night comes the big parade,
when all the organizations, civic and
military, in San Francisco, reinforced
by many from the surrounding towns,
will march with the California heroes
under the canopy of incandescent light,
to be acclaimed by a city full of peo-
ple and to be received by the Mayor and
possibly the Governor.

THE SHERMAN COMING.

[ASSOCIATED PRESS NIGHT REPORT.]

SAN FRANCISCO, Aug. 9.—The
United States transport Sherman
sailed from Yokohama for San Fran-
cisco at noon today. Col. Dubois, in
a telegram announcing the departure
of the troopship, says that she will be
off the Farallones at noon August 22
or 23. Shippers are of the opinion that
the Colonel has made a mistake in
his calculations, as none of them can
see how the Sherman can get here be-
fore August 24 at the earliest.

THE OREGONIANS.

[ASSOCIATED PRESS NIGHT REPORT.]

PORTLAND (Or.), Aug. 9.—The Sec-
ond Oregon Regiment, which is on its
way home from San Francisco in a
special train, was met at the State
line today by Gov. Geer and staff.
The first stop was made at Ashland,
this afternoon, where the regiment
was entertained at lunch by the citi-
zens.

Arrangements have been made at
Roseburg, Eugene and Salem to give
the regiment a rousing reception as it
passes through. In this city tomorrow
the colors will be turned over to Gov.
Geer and the regiment will disband.

CHINESE CREW STRUCK.

[ASSOCIATED PRESS DAY REPORT.]

TACOMA, Aug. 9.—The Chinese
crew of the steamship Victoria struck
today because the ship has been turned
into a transport to carry troops to
(CONTINUED ON THIRD PAGE.)

SIX FIREMEN KILLED.

DISASTROUS EARLY MORNING FIRE AT SAN FRANCISCO.

Grand Central Market and a Restaurant Destroyed—Several Other Buildings Much Damaged by Fire and Water.

Roof of the Market Falls in and Entraps Firemen Who are Rescued, Badly Injured, by Their Comrades.

Mysterious Killing of Frank Landis, United States Grant Rights at Hankow—San Francisco's Savings Banks.

[A. P. EARLY MORNING REPORT.]
SAN FRANCISCO, Aug. 9.—Six firemen were injured last night near the corner of Market and Sixth streets while in the discharge of their duty.

Early in the evening a fire caused by an overheated range broke out in the restaurant of Star & Owen at No. 9 Sixth street. It quickly spread to an adjoining building, a lodging-house. The saloons of Hoover Bros. and James Conway next caught the blaze, and soon the Grand Central Market was enveloped in flames.

Just as the firemen had the fire under control the roof of the market fell with a resounding crash, and several firemen were caught under the debris. A cry of horror went up from the immense crowd that was viewing the fire from Market street, and, breaking through the police lines, many of the excited spectators rushed to the assistance of the wounded men.

A few minutes later a portion of the burning building fell, but, fortunately, the crowd of rescuers received warning of the threatened collapse and escaped just as the heavy timbers crashed to the ground.

The cries of the firemen who had been injured by the falling of the roof could be distinctly heard by their comrades, and without waiting for orders from the chief or his assistants, they plunged into the burning building and carried the sufferers to places of safety. Those injured were:

JOHN M'GIVINS, a member of engine company No. 10, fractured hip and an extensive scalp wound.

DANIEL HIGGINS of truck No. 1, thigh broken.

DAVE LEVY of engine No. 14, scalp badly torn.

EUGENE CROWE, foreman of truck No. 1, head severely cut.

JOHN FEEHAN of engine No. 10, knee wrenched.

SIDNEY CUMMINGS of truck No. 4, slightly injured about the head.

After an hour's hard work, the firemen succeeded in subduing the flames. In addition to the destruction of the market and restaurant, a barber shop owned by Sterns & Hagan at No. 11 Sixth street, the four-story saloon on Market street, dry goods store of J. W. Pendergast, at No. 7 Sixth street and a florist store kept by Kahn & Lasser at No. 5 Sixth street were damaged by fire and water. The property loss was about \$15,000.

JAPAN-CHINA UNION.

Alliance Against Other Nations Had Been Agreed Upon.

[BY DIRECT WIRE TO THE TIMES.]

VICTORIA (B. C.) Aug. 9.—[Exclusive Dispatch.] After all their difficulties, it is probable, according to advice received by yesterday's oriental liner, that China and Japan will very shortly enter into an offensive and defensive alliance against all the rest of the world. The pact of the union was indeed reported to have been signed at Peking July 24. Although there is official denial that the negotiations have reached this stage, it is admitted that the consummation of the alliance will probably be brought about very shortly.

The chief obstacle in the way of the treaty-makers is the unswerving hostility of Li Hung Chang, who cannot yet forget or forgive Japan's victory in the late opium war. On the other hand, Marquis Ito is said to be anxious for the union as are Princes Ching and Yung Yu, the two leading advocates on the Chinese side. The negotiations resulted from Marquis Ito's visit to China about one year ago, and have since been carried on by Ito's private secretary at Peking, and by Kotals and Liu Chao, as special envoys from Japan, at Tokyo.

The treaty states that the government named left Japan's capital for home June 8, and it is understood a practical agreement between the two governments had been reached at that date.

UNCLE SAM RECOGNIZED.

British and Chinese Governments Give Him a Settlement.

[ASSOCIATED PRESS DAY REPORT.]

VANCOUVER (B. C.) Aug. 9.—According to Hongkong advices, an agreement has been reached between the British and the Chinese governments that the United States shall have an exclusive settlement at Hankow.

FRANK LANDIS SHOT.

Prominent Merchant of Lincoln Found Dead in His Store.

[ASSOCIATED PRESS DAY REPORT.]

SACRAMENTO, Aug. 9.—A special dispatch to the Bee from Lincoln, Placer county, says that Frank Landis, a prominent young merchant, was found dead in the store room of the rear portion of his place of business, about 5 o'clock this morning, by a woman who was passing. Seeing the door open, she looked in and saw his lifeless body lying on the floor. She called the Justice of the Peace, and an investigation was made. Landis had been shot in the stomach. A pistol and his hat lay some distance from him.

He was around town last evening in his usual gay spirits, and played a game of billiards before going home. His clothing where the ball entered the body was badly powder-burned. The lamp in the office had been overturned. The circumstances all point to a murder, but the object is not clear, as nothing in the store was molested, and Landis's watch and money on his person were not disturbed. The shooting is thought to have taken place shortly after 10 o'clock, as neighbors recall the fact that they heard two shots at that time.

If robbery was the object, the perpetrator of the crime was evidently frightened into flight by the fatal shot. It could hardly have been a case of murder for revenge, as he was a man of exceeding popularity, and had no known enemies. Landis's father is John Landis, a merchant of Sacramento, and his brother is J. B. Landis,

ON WITH FLAG.

(CONTINUED FROM FIRST PAGE.)

Manila. They were engaged at Hongkong for the trip to Tacoma and return, but refused to go to Manila. A white crew was engaged after several hours' delay.

THIRTEENTH MINNESOTA.

[ASSOCIATED PRESS DAY REPORT.]

ST. PAUL, Aug. 9.—Gov. Lind today received the following cablegram from Lieut.-Col. Friederich in command of the Thirteenth Minnesota: "Regiment start for home on steamer Sheridan about the 11th. Loading today." It is expected the regiment will reach San Francisco about September 10 and be home October 1.

TUESDAY'S ENLISTMENTS.

[ASSOCIATED PRESS DAY REPORT.]

WASHINGTON, Aug. 9.—The number of enlistments yesterday for the Philippines was 359, making a total of 11,357. The regiments which have their full quota have begun the wedding march. In the morning, 10,000 were discharged, the discharges of nearly one hundred recruits have been ordered.

MAJ. PERLEY'S ORDERS.

[ASSOCIATED PRESS NIGHT REPORT.]

ST. LOUIS, Aug. 9.—A special to the Post-Dispatch from Hot Springs, Ark., says that Maj. H. O. Perley, of the Army and Navy Hospital in this city today received instructions from the War Department to turn over the affairs of the hospital to his successor, Maj. George H. Torney, upon the latter's arrival from Fort Leavenworth, Kan., and proceed immediately thereafter to San Francisco, to take charge of the hospital ship Relief, which will soon sail for Manila.

ARMS FROM HONGKONG.

[ASSOCIATED PRESS NIGHT REPORT.]

VANCOUVER (B. C.) Aug. 9.—Advices received by the steamship Empire of China say that for a considerable time the Manila newspapers have been making reference to the continued shipments of arms and ammunition to the Philippines from Hongkong. A proclamation of the governor prohibits such traffic in arms, but it still goes on. Hongkong is also sending arms into China at an alarming rate. Revolvers are common articles in the hands of Chinese ruffians who infest the Canton River delta and Kowloon Hinterland, and who plunder British vessels and murder British subjects.

ANOTHER STEAMER CHARTERED.

[ASSOCIATED PRESS NIGHT REPORT.]

WASHINGTON, Aug. 9.—The quartermaster's department has chartered the steamer City of Sydney, and she will at once be fitted up to take marines and recruits to Manila.

CAVALRY EN ROUTE.

[ASSOCIATED PRESS NIGHT REPORT.]

SARATOGA (N. Y.) Aug. 9.—Three hundred men and many horses, comprising troops C, E and F of the Third United States Cavalry, under command of Col. Henry W. Wessel, en route from Fort Allen, Burlington, Vt., to the Philippine Islands, passed through here today. They are in special trains for Seattle, where they will embark.

UTAH ARTILLERY.

[ASSOCIATED PRESS NIGHT REPORT.]

SAN FRANCISCO, Aug. 9.—The two batteries of the Utah Volunteer Artillery, comprising nine officers and 300 men, now at the Presidio, will be mustered next Wednesday by Lieut. Purdy, Sixth Infantry. They will leave for Salt Lake in a body at 3 o'clock the following afternoon.

TENTH PENNSYLVANIA.

[ASSOCIATED PRESS NIGHT REPORT.]

SAN FRANCISCO, Aug. 9.—The Tenth Pennsylvania Regiment will remain at the Presidio ten days longer and then leave for home, escorted by the committee of twenty-three that came here to receive the regiment. According to the present arrangements, only one stop will be made during the journey to Pittsburgh, the invitation of Mayor Frank E. Moore of Omaha having been accepted. Many other cordial invitations from cities along the route have been declined on account of lack of time.

RECRUITS FROM THE EAST.

Gen. Shafter Recommends Filling Up the Thirty-Fifth Regiment.

[ASSOCIATED PRESS DAY REPORT.]

WASHINGTON, Aug. 9.—Gen. Shafter has forwarded to Adjt.-Gen. Corbin a dispatch he received yesterday from Lieut.-Col. Plummer, who is organizing the Thirty-fifth Infantry at Vancouver Barracks, Wash. The dispatch is in the following words: "The department suggesting that slow progress was being made in recruiting that regiment, and that efforts should be made to hurry along. Lieut.-Col. Plummer says:

"Every possible effort is being made to recruit this regiment. Recruits are coming in steadily, but the recruiting efforts have been out. There are now 253 men here (Vancouver). The material is exceptionally good. Southern California and other portions of the district have not been covered. It is believed there is ample material in the district to fill the regiment with the same class of men as those already secured. About 500 men of the Second Oregon Volunteers will arrive in Portland within a few days, and it is believed that many of them will enlist in this regiment. In view of these facts, it is earnestly recommended that recruiting efforts in the East be continued to select only the most desirable men, as it is believed the best interests of the service will be served by filling the regiment, as far as possible, from the district already covered."

In forwarding this to the War Department, Gen. Shafter says: "In my opinion recruiting will be more rapid as soon as the recruiting efforts are backed, and as officers of the regiment are dispersed throughout the country, but there are very few surplus men in California. I recommend that recruits are available for the Thirty-fifth they be sent from the East."

TRANSPORT WARREN COMING.

Expected This Week With Colorado Regiment Aboard.

[ASSOCIATED PRESS NIGHT REPORT.]

SAN FRANCISCO, Aug. 9.—The transport Warren, with the Colorado Regiment on board, is expected to arrive this week from Manila, and preparations are being made to give the returning soldiers a fitting welcome.

Assistant Chief Wharfinger Godfrey has arranged to have all vessels blow whistles on board the transport's arrival. The reception committee will go out on a tug, accompanied by a band, when the transport enters the bay. The departure of the Warren from Nagasaki has not been reported, but it is thought she left there about two weeks ago.

CUBAN AFFAIRS.

Editor of Suppressed Havana Paper Issues a Statement.

[A. P. EARLY MORNING REPORT.]

NEW YORK, Aug. 9.—A. Cervantes, editor, and Ricardo Arnau, manager of El Reconcentrado, the suppressed Havana newspaper, who are on the way to Washington to complain of their wrongs, have issued a joint statement as follows: "El Reconcentrado was in existence long before the war between America and Spain had begun. Be-

ON WITH FLAG.

(CONTINUED FROM FIRST PAGE.)

cause the radical and liberty-loving policy of the paper the Spanish officers of Cuba had to suppress the paper, and for a time its regular issues ceased. It was only on July 31, and by order of Gen. Ludlow of the American army, that the office was finally closed.

"El Reconcentrado was an independent organ, whose aim was the independence of Cuba and the suppression of the Cuban army. Today there is no independence in Cuba and I cannot be led to believe that the suppression of the paper was the only reason for its closure."

"The police of Havana were deeply agitated by the principles of the paper and Rafael Cardenas, the Chief of Police, did his utmost to have the paper suppressed because certain officers were charged with dishonesty. In order that the paper might be a safe store for the editor and staff were threatened with arrest and imprisonment. Though the editor and a few members of the staff escaped imprisonment, some of the employees of the paper were locked up in the bastille in Havana for a period of sixty days, during which time they were compelled to do hard labor in the fashion of criminals sentenced to a term in Sing Sing."

"About ten or twelve took refuge in flight and are still being sought by the Cuban army. An American correspondent, and a lawyer, took hold of the case of these alleged fugitives who were hiding in the suburbs of the city. Lawyer Arnau brought the condition of affairs to the attention of Gen. Ludlow, who told him (Arnau) that it could be fixed if the editor and managing editor of the paper named would sign a document asserting that they would never again write any offensive matter in the columns of El Reconcentrado."

"It was also stipulated that they should not write anything offensive to the authorities. With a communication from the American Consul, Lawyer Arnau was instructed to go with Messrs. Cervantes and Arnau to see Mayor Perfecto Lacoste of Havana, and the press of the city to sign the document. The editor and managing editor did as had been directed, and it was said that on his word of honor the Mayor would sign the document."

"On arriving at the City Hall the editor and his manager found the place was being guarded by the police, who placed them under arrest. Against this action there was a strong protest entered by Lawyers Arnau and Felix Yague. The Mayor was being attacked daily in the El Reconcentrado, and this irritated him so that, with the consent and approval of Gen. Ludlow, he decided to sentence Arnau and Cervantes to a period of sixty days breaking stones in the streets of Havana."

"Col. Cervantes is authority for the statement that this order was issued by Gen. Ludlow, and that the agreement was of such a character that no man of honor would affix his signature to it."

Messrs. Cervantes and Arnau say they entertain no animosity against Gen. Ludlow, who was influenced, they think, by the press of the city. At present José Martos, one of the editors, serving twenty days imprisonment in the Havana fortress, while Editor José Arnau is in the city, and is being kept in the city by the police. The police is also serving sixty days in the bastille."

HELPING CUBAN GIRLS.

[ASSOCIATED PRESS DAY REPORT.]

CHATTANOOGA (Tenn.) Aug. 9.—Mrs. S. A. Steele, manager of an extensive home for needy children in this city, has completed an arrangement with Gen. Fitzhugh Lee to receive fifty Cuban girls at the home and raise and educate them. The girls will arrive as soon as the full number can be secured from the families of native Cubans.

BELL'S CREDIT SUFFERS.

[ASSOCIATED PRESS DAY REPORT.]

MONTREAL, Aug. 9.—George F. Bell, the American who claims he stole the celebrated Caranza letter, was discharged today on the ground that the prosecution had not proven, in the first place, that a letter was stolen, and in the second place, that Bell had stolen any letter.

USE FOR THE WASP.

[ASSOCIATED PRESS NIGHT REPORT.]

WASHINGTON, Aug. 9.—The War Department probably will take from the navy the Wasp, which figured in the Spanish war as one of the auxiliary vessels, for suitable, she will be used in the Cuban service.

KEEPING DEWEY BUSY.

Numerous Visits Paid to the Admiral at Naples.

[ASSOCIATED PRESS DAY REPORT.]

NAPLES, Aug. 9.—[By Atlantic Cable.] Admiral Dewey is kept busy returning the visits which have been made to him on board the Olympia. Americans are arriving here daily from various parts of Italy to pay their respects to the admiral.

KAISER DISCUSSES DEWEY.

[ASSOCIATED PRESS NIGHT REPORT.]

BERLIN, Aug. 9.—According to the Berliner Tageblatt, Emperor William received Congressman George Foss of Illinois and United States Attaché Hehler on board the Imperial yacht Hohenzollern last Wednesday at Kiel, granting them an audience of three-quarters of an hour.

His Majesty began the conversation by expressing a belief that Admiral Dewey had not used the words attributed to him, suggesting the possibility of war between the United States and Germany. Mr. Foss replied that he had just come from Trieste, where he had had long talks with Admiral Dewey, and had shown no hostility toward Germany.

The Emperor then declared his conviction that German-American relations would remain friendly. Germans in his Majesty's army and navy, he said, chiefly preserved the peace of Europe, but the peace of nations lies in the ocean. The increase of the German navy was not to be feared, as it was for the stronger a nation is at sea, the more others will hesitate to begin hostilities. The increase of the navy is in reality the best peace congress."

KIDNEY AND BLADDER

TROUBLES PROMPTLY CURED.

A Sample Bottle Sent Free by Mail.

Dr. Kilmer's Swamp-Root, the wonderful new discovery in medical science, fulfills every wish in promptly curing kidney, bladder and uric acid troubles; rheumatism, and pain in the back. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and extraordinary effects of Swamp Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, and its great cures, both sent absolutely free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention that you read this generous offer in the Los Angeles Times.

POLICE BOOK-KEEPING.

Counsel Moss Gives the Muzzet Committee a Sample.

[ASSOCIATED PRESS DAY REPORT.]

NEW YORK, Aug. 9.—Before the Muzzet Investigation Committee today Counsel Moss opened proceedings with the statement that the book kept by the Chief of Police showed that in the eighty police precincts of the city there were but eighty-three houses suspected of being disorderly, forty-four places where a woman is played, twenty-five poolrooms and eleven suspected gambling-houses.

DISLIKE TO TESTIFY.

[ASSOCIATED PRESS NIGHT REPORT.]

NEW YORK, Aug. 9.—Almost all of the testimony elicited by the committee today was for the purpose of showing how frequently men are robbed in this city while paying visits to the tenderloin, "the Bowery" and other sections of the city where groups gather after the midnight hour.

Moss had difficulty in obtaining witnesses for today's session. The men who had been victims of this sort of crime appeared decidedly averse to appearing before the committee and telling about it. Two hundred and fifty subpoenas had been issued for men who had been robbed by women. Not a quarter of them could be found. Nevertheless Moss was able to put many witnesses upon the stand and secure account after account of robberies alleged to have occurred in disorderly houses in this city.

Occasionally the witnesses under oath told of facts which showed that the police and the female robbers were in collusion. Moss said that similar testimony with variations would be produced before the committee tomorrow. The variations, it is understood, refer to an investigation of the opium dens of the city.

He Knew What He Wanted.

[Chicago News.] A Chicago innkeeper had never known the choicer luxuries of life intimately was taken in hand by a friend, given a season of liquor cure treatment, and on his return supplied with money for a fresh start in life.

He determined to commence with a high dinner. So entering a well-known restaurant he sat down at a table and began to study the bill of fare while the waiter waited for his order.

He scanned the menu long and earnestly, but could see nothing on it with which he was familiar. Suddenly he laid down the card face upward on the table, closed his eyes, and jabbed his forefinger down savagely at random on the printed list with the air of a man who had made up his mind.

"There," said he, "give me some of that."

The waiter bent down and examined the line over which the finger rested. He looked pained.

"That's Mayonnaise dressing."

"Of course it is. Don't you 'spose I can read? That's what I want. Bring me some of it."

"Certainly, sir. But what do you want it on?"

"Want it on, you chump!" shouted the man, who refused to be corrected by the waiter. "I want it on my steak. A plate, of course! What did you suppose I wanted it on? The table cloth?"

Chinaman Killed by Machinery.

SAN FRANCISCO, Aug. 9.—A Chinaman was caught in the belting of the Western Machine Works at Seventh and Brannan streets today and killed.

DEFENDER AGAIN TRAILS IN
BEHIND COLUMBIA.

Over Twenty-two Minutes Between
the Finish of the New Boat and
the Old in a Forty-three-
mile Race.

Great Rivalry on the Part of the
Sloop Vigilant, Which Comes in
Ahead of the Schooner by
Fifty-five Seconds.

Lively Ninth Inning at Philadelphia.
Jumping Race Ends the Sa-
ratoga Track-Skeets' a Win-
ner-Jeffries and Mitchell.

[ASSOCIATED PRESS NIGHT REPORT.]

NEWPORT (R. I.) Aug. 9.—The New York Yacht Club's cruise from Gardiner's Bay, to this port today, a distance of forty-three miles, was full of interesting brush. While the yacht ran forty-three miles in a constantly increasing southwest breeze, the first half of the day was spent in a race between the sloop Vigilant and the schooner Columbia. The Vigilant, which was the defender, was defeated by the Columbia by fifty-five seconds. The Vigilant was a new boat, and the Columbia was an old boat. The Vigilant was a sloop, and the Columbia was a schooner. The Vigilant was built in 1898, and the Columbia was built in 1897. The Vigilant was a new boat, and the Columbia was an old boat. The Vigilant was a sloop, and the Columbia was a schooner. The Vigilant was built in 1898, and the Columbia was built in 1897.

The yachts started at 10:30 o'clock in a fairly strong westerly breeze, all breaking out spinners on crossing the line. Then six or seven miles were quickly sailed, but half an hour after the start, the wind began to slacken, and soon some were almost becalmed. All during the soft spell of two hours, the Columbia sailed as if on a cushion, while the Vigilant was struggling to keep her head to the wind. The Vigilant was a new boat, and the Columbia was an old boat. The Vigilant was a sloop, and the Columbia was a schooner. The Vigilant was built in 1898, and the Columbia was built in 1897.

It was at this time, as the boats passed the entrance to Fisher Island Sound, that the Columbia made the great gain that gave her such a lead. From Watch Hill to Point Judith, she sailed a few miles ahead of the Vigilant, and then she rounded the point and sailed on to the finish. The Vigilant was a new boat, and the Columbia was an old boat. The Vigilant was a sloop, and the Columbia was a schooner. The Vigilant was built in 1898, and the Columbia was built in 1897.

The day was a grand one after 2:15 o'clock. At that time the Defender took in her spinnaker, the Columbia following suit. Away ahead, more than five miles in the lead, were the Vigilant and the Columbia. The sloop and the schooner were making the best of their way, and the Vigilant was leading. The Columbia was a new boat, and the Vigilant was an old boat. The Columbia was a sloop, and the Vigilant was a schooner. The Columbia was built in 1898, and the Vigilant was built in 1897.

Smartly the crew of the Vigilant took in her spinnaker, just before reaching the finish line. Then they rounded the point and sailed on to the finish. The Vigilant was a new boat, and the Columbia was an old boat. The Vigilant was a sloop, and the Columbia was a schooner. The Vigilant was built in 1898, and the Columbia was built in 1897.

EASTERN BASEBALL.
Tall Run-getting in the Ninth Inning at Philadelphia.

[ASSOCIATED PRESS NIGHT REPORT.]
PHILADELPHIA, Aug. 9.—In the ninth the score was 8 to 6 in the Phillies' favor. With three men on bases, Magee made a wild throw of Donovan's bunt, sending three runners across the plate. Roth was substituted, and before the last man was out, Pittsburgh scored four more runs. In the Phillies' half, an error by Bowerman and consecutive hitting gave the locals six runs and the game. The attendance was 1,190. Score: Pittsburgh, 13; base hits, 16; errors, 3. Philadelphia, 14; base hits, 20; errors, 2.

Batteries—Tannehill and Schriver; Magee, Orth and Douglass; Umpires—Emslie and McDonald.
ST. LOUIS-BALTIMORE.
[ASSOCIATED PRESS NIGHT REPORT.]
BALTIMORE, Aug. 9.—Young was in fine form. St. Louis won an exciting game. The attendance was 2,028. Score: St. Louis, 6; base hits, 10; errors, 2. Baltimore, 3; base hits, 10; errors, 2. Batteries—Young and Schrecongost; McGinnity and Robinson. Umpires—O'Day and Hunt.

CHICAGO-WASHINGTON.
[ASSOCIATED PRESS NIGHT REPORT.]
WASHINGTON, Aug. 9.—The Chicagoans had no difficulty in winning. Score: Washington, 3; base hits, 12; errors, 2. Chicago, 6; base hits, 11; errors, 2. Batteries—Weyhing and Duncan; Roach and Donahue. Umpires—Sullivan and Dwyer.

LOUISVILLE-NEW YORK.
[ASSOCIATED PRESS NIGHT REPORT.]
NEW YORK, Aug. 9.—The locals were unable to do much with Phillips today. The attendance was 1,000. Score: New York, 2; base hits, 7; errors, 1. Louisville, 4; base hits, 10; errors, 1. Batteries—Seymour and Warner; Phillips and Zimmer. Umpires—Manassah and McGarr.

BOSTON-CLEVELAND.
[ASSOCIATED PRESS NIGHT REPORT.]
BOSTON, Aug. 9.—Nichols was very effective after the first. The attendance was 1,500. Score: Boston, 7; base hits, 10; errors, 2. Cleveland, 3; base hits, 10; errors, 2. Batteries—Nichols and Bergen; Knopfer and McAllister. Umpires—Lynch and Connolly.

CINCINNATI-BROOKLYN.
[ASSOCIATED PRESS NIGHT REPORT.]
BROOKLYN, Aug. 9.—Today's game was a slugfest in which both pitchers were used up. The score was tied, and then Brooklyn secured what appeared to be a safe lead by a nice batting rally in the sixth. With two out in the eighth, Anderson failed to get an easy foul fly by Peitz. The latter singled, and Donovan went up in the air, the visitors scoring seven runs.

Lord Senl second, Gidson third; time 2:08.4. Selling, mile: Tappan won, George M. Ketcham second, McCleary third; time 1:42.
TOLEDO YACHT WON.
Four Whitehings Started in an International Race.
[ASSOCIATED PRESS NIGHT REPORT.]
DETROIT, Aug. 9.—A special from Put-in-Bay, O., to the News says the international yacht race over a 21-mile course this afternoon was won by Juanita of Toledo, in the 20-to-25 class, with the City of the Straits, of Detroit, second; time 1h. 25s. There were twenty entries, but only four started in the race.

Only Two Favorites Won.
ST. LOUIS, Aug. 9.—Frank Bell and The Pride were the only winning favorites at the Fairgrounds today. The track was a little heavy. Results: Mile and seventy yards: Rush Fields won, Ramsay second, Montelone third; time 1:50.4. One mile: Banish won, Goal Runner second, Moralist third; time 1:43.4. Six furlongs: Frank second, Alleviate second, Fireside third; time 1:15. One mile: John Halsey won, Haviland second, Duke of Melbourne third; time 1:45.4. Six and a half furlongs: The Pride won, Tulla Ponso second, Loving Cup third; time 1:12.2.

Lipton's Orders About Towing.
LONDON, Aug. 9.—Charles Russell, the representative of Sir Thomas Lipton, told a reporter of the Associated Press today that the skippers of the cup-challenger Shamrock and the steam yacht Erin on their way to New York hold written instructions from Sir Thomas Lipton, under no circumstances to tow the challenger except in accordance with the special arrangement with the New York Yacht Club, namely, when the breeze is insufficient for the Shamrock to proceed under her own sail.

New Jump Record.
NEW YORK, Aug. 9.—At the athletic games at the Aeron Athletic Association, held today at Astor Park, N. J., Ray C. Ensey of the Chicago Athletic Association added half an inch to the American amateur standing jump record, jumping 11 ft. 1/4 in. The old record had been held by himself.

"Skeets" Gets Another Plate.
LONDON, Aug. 9.—At Kempton Park the Sunbury Handicap Plate of 300 sovereigns was won by "Skeets" Martin, the American jockey, on Land Rail. The time was 1m. 11s. 1/2. The other horses ran: three horses ran.

Australians Win.
BIRMINGHAM (Eng.), Aug. 9.—The Australians, in the cricket match with the Warwickshire team, began here Monday, won today by nine wickets.

BRAZIL'S GALA TIME.
PRESIDENT OF ARGENTINE REPUBLIC VISITS RIO DE JANEIRO.
Prof. Brammer of University of California with Class of Geological Students in the State of Paraguay—Other Brazil Notes.
[A. P. EARLY MORNING REPORT.]
RIO DE JANEIRO (Brazil), July 17.—[Associated Press Correspondence.]
Wired from Chicago, Aug. 9, A telegram from Buenos Ayres says that Gen. Julio Roca, President of the Argentine republic, will embark on July 30 for Rio de Janeiro; that he will stop for five days at Montevideo, where he will have a grand reception, and that he will then come to this place, escorted by a division of the Argentine navy.

Two divisions of the Brazilian fleet will steam out of Brazilian waters to meet Gen. Roca and escort the Argentine fleet into the port of Rio de Janeiro. Three divisions of the Brazilian army are being organized for a grand review to be held in Gen. Roca's honor. Banquets will be given by the President, the municipal government and the Chamber of Commerce.

Dr. Ennes de Souza, the manager of the mint, is preparing medals to be distributed on the arrival of Gen. Roca. They are of gold, silver and bronze, similar to those distributed to the white squadron of Admiral Walker.

It is claimed that the governments of Brazil, Chile, Argentina and possibly Uruguay, Paraguay and Bolivia intend to form an alliance, offensive and defensive, which it is asserted will enable them to dispense with their unnecessary armaments.

Col. Charles Page Bryan, United States Minister to Brazil, arrived at Joazeiro, State of Bahia, July 2, with the Governor of the State. They were enthusiastically received at wayside stations. On July 3 they inaugurated a new line of steamer to ply between the river San Francisco, opening a large part of the interior of Brazil. Col. Bryan returned to Rio de Janeiro July 11.

Eugene Seemer, Consul-General of the United States here, left for the United States July 6 via Europe. He will visit London, Paris and Berlin. Mr. Seemer is commissioned by different municipal and other chambers to represent their interests at the Philadelphia Exhibition.

De Journal de Comercio says that Mr. Seemer will be the means of showing American capitalists, engineers and industrial concerns that there is a vast field for their exploring with highly profitable results to all.

The Journal calls attention to the fact that while the people of the United States buy three-fourths of the coffee of Brazil, nine-tenths of the rubber and a part of the sugar, at a cost of \$60,000,000 annually, the Brazilians buy least than \$10,000,000 from the United States, and there are no American steamship lines, banks or facilities of whatever nature for the transaction of this enormous trade. All is in the hands of English firms.

News received from Mannos says the inhabitants of Aco refused to recognize the Bolivian authorities and that they will establish an independent government.

The subscription opened by the Gazeta de Noticias at Rio de Janeiro, to purchase a level to be offered to Lucie Drevfus, wife of the victim of the fleu du Diable, had reached 2500 reals (about \$10,000) as the beginning of July.

Dr. John Brammer, of the University of California, with a class of students, was in the northern part of the State of Parahya, examining the geological formation with special attention to the well-known mineral wealth of the region, such as silver, lead, copper, etc., which he is destined to represent an important part in the future progress and grandeur of Brazil.

Tidal Wave at Valparaiso.
VALPARAISO, Aug. 9.—A tidal wave burst into the bay yesterday evening, tearing down the embankment and sweeping off a number of cars, locomotives and tons of merchandise. The loss is estimated at \$1,000,000.

INDIA'S GOLD BASIS.
POLICY OF GOVERNMENT VIRTUALLY SETTLED.
Director of the Mint Roberts Comments on the Report of the Indian Currency Committee Placing India on Gold Basis.
[ASSOCIATED PRESS NIGHT REPORT.]
WASHINGTON, Aug. 9.—Commenting on the Associated Press cable of the report of the Committee on Indian Currency placing India on the gold basis, the Director of the Mint Roberts said today: "The report does little more than reaffirm and declare the permanency of the policy adopted in 1893, when the mints were closed to free coinage of silver. The mints were closed originally because the decline in silver had become so great as to embarrass the Indian government, which received its revenues in silver, and had to make a large share of the disbursements in gold. "There was considerable agitation in favor of reopening the mints and the business world was in no little uncertainty about the future. It was considered highly desirable that the government's future policy should be definitely assured, and accordingly, something over a year ago, a committee of eleven was appointed by the Indian offices in London to investigate the whole subject. The committee has published two volumes of testimony, and now gives its own conclusions. "It is unanimous in finding that the mints should not be reopened to silver, but that they should be kept closed, and that the government should consider the future policy of India, that her foreign commerce should be conducted on a gold basis, with gold-standard countries, should be tampered with by the restoration of silver monometallism. "The committee pronounces the efforts of the government to hold the value of the rupee at 16 pence a success, and holds the sale of consols at 100 to be a proof that India already has the gold standard. I hesitate, however, to recommend the final step, viz.: that the Indian government should exchange gold for silver rupees current. They say that, in their opinion, it is not necessary for the government to bind itself to do this. It would impose on the government a liability to find gold at a moment's notice to an amount which cannot be defined beforehand, and the liability is one which, in our opinion, ought to be avoided. "This has been the puzzling question in the Indian situation. The government has no gold reserve, nor has it the means to obtain a stock of gold at once. It can only be done by the issue of bonds or in small installments, and it is not practicable to increase taxes of India to any considerable degree. The committee concludes that the acquisition of a reserve may be left to the future, and that the present silver currency of India should be maintained at a fixed value of gold by supplying such quantities of gold as are needed for foreign remittances. That they say, they regard as the principal use of a ritual reserve. In fact, that is precisely the service performed by the gold reserve of the United States. "The Indian Committee refers to the example of the United States. It is recommended that the Indian mints be opened to the unrestricted coinage of gold, and that the silver coins may be made a legal tender upon the theory that gold will flow in as more money is needed, and that eventually a considerable shade of the silver rupee will thus come to be of gold. The significance of the report is in the determination not to open the mints. The policy of India may now be assumed to be settled."

DEMAND NOT GREAT.
[ASSOCIATED PRESS NIGHT REPORT.]
WASHINGTON, Aug. 9.—The reports so far received from subtreasury cities indicate that the call for gold certificates in exchange for gold coin will be considerably less than the Secretary's estimates expected. San Francisco, Cincinnati, St. Louis and New Orleans have not yet been heard from, and consequently there is no power basis upon which to closely estimate the result of the Secretary's recent order. But the demand in these cities is expected to be even smaller than the eastern cities, by reason of the large surplus in the money centers of the West. Up to last night the New York banks had asked for the exchange of \$450,000; Philadelphia, \$700,000; Baltimore, \$618,000; Washington, \$150,000 in the departmental series and \$150,000 in "to order" certificates. It is a matter of some surprise in the treasury that a large percentage of the New York calls have been for \$20 and \$50 certificates of other small denominations.

SUB-TREASURY RUSH.
Great Demand for Gold Certificates in Exchange for Coin.
[A. P. EARLY MORNING REPORT.]
WASHINGTON, Aug. 9.—As was expected by the officials the demand Monday in New York for gold certificates in exchange for gold coin under Secretary Gage's order of last Saturday was very heavy. Twenty or more banks were early represented at the United States subtreasury with requests for the exchange in large amounts, and Assistant Treasurer Jordan, foreseeing his inability fully to meet the business thus thrust upon him, declined to make exchanges, and he notified the treasury officials. It is assumed that he feared that his supply of certificates would soon be exhausted. The department, however, wired Mr. Jordan to make the exchange when ever requested, and in any amount, and if his stock of certificates should run short he would be supplied from the stock of Exchange and Printing. The requests for exchanges in Baltimore, it is said, were not as heavy as in Washington, where the total amount of certificates asked for was considerably less than \$100,000. Reports from other subtreasury cities have not yet been received.

FOUR FIREMEN KILLED.
Came in Contact With a Live Electric Wire.
[ASSOCIATED PRESS NIGHT REPORT.]
OMAHA, Aug. 9.—Four firemen lost their lives tonight in a blaze on the upper floor of the Mercer Chemical Company's building on Eleventh and Harney streets. The fire in itself was small. The fatalities resulted from coming in contact with a live wire. The dead firemen are: JOSEPH ADAMS, Lieutenant No. 3 engine company. OTTO GEISKE, tillerman of the big truck. GEORGE BENSON, pipeman No. 3 engine. CHARLES HOPPER, relief driver No. 3 engine. Fireman George Forer and Albert Tinsling of the chemical company suffered severely from the shock.

Triple Alliance Sought.
RIO DE JANEIRO, Aug. 9.—In spite of denials on the subject it is said that President Roca of the Argentine Republic, who is now here as the guest of Brazil, is desirous of negotiating an alliance between Argentina, Brazil and Chile against the United States. The Presidents of these republics will meet at Buenos Ayres next month.

BRYAN DEMOCRATS FIGHT.
Factions of the New York Party Mix Up at Syracuse.
[ASSOCIATED PRESS DAY REPORT.]
SYRACUSE (N. Y.) Aug. 9.—A meeting of the Chicago-platform Democrats of New York State was called to order here at 11:30 a.m. today with fifty delegates in attendance. A fight was precipitated on the floor. The anti-trust and anti-imperialism factions were on one side and the ultra free-silver faction on the other. Samuel O'Dell of Auburn and Austin Wheelock of Geneva led the fight for the anti-trust people. Thomas W. Cantwell of Albany and J. W. Forest of Niagara led the silver side. The substance of the resolutions introduced by O'Dell declare that opposition to trusts and imperialism should be the paramount issue in the campaign of 1900. The election of United States Senators by direct vote of the people is also advocated. O'DELL FACTOR DEFEATED.
[ASSOCIATED PRESS NIGHT REPORT.]
SYRACUSE, Aug. 9.—The anti-imperialists, or O'Dell faction, was defeated and left the hall. The silver men then formed a permanent State organization and decided to organize all the counties. HARRITY IN NEW YORK.
[A. P. EARLY MORNING REPORT.]
NEW YORK, Aug. 9.—William F. Harrity and Col. L. Victor Boughman of Baltimore were at the Fifth Avenue Hotel last night. They all declined to discuss the political situation. It was said they were busy preparing a boom for ex-Gov. Pattison of Pennsylvania for the Presidential nomination next year, but there was no verification of the rumor. ALTGELD'S PERSPECTIVE.
[ASSOCIATED PRESS NIGHT REPORT.]
LOUISVILLE (Ky.), Aug. 9.—What supports to be a statement from Gov. John P. Altgeld of Illinois on the political situation in Kentucky is printed here. It contains the following: Looking at the situation from this distance, it seems to me as if a new Democratic ticket for State officers would be the salvation of Senator Blackburn. For it would result in bringing out a full Democratic vote, whereas, if there is no new ticket put up and the disgraced Democrats should remain away from the polls, they are liable to do, he would be in danger."

Bryan at Winona Assembly.
WARSAW (Ind.), Aug. 9.—Today was Bryan day at the Winona Assembly. Over eleven thousand persons were on the grounds. William J. Bryan delivered an address in the Auditorium this afternoon on "Pending Problems," discussing at length the political issues of the day. Later, for the benefit of those who could not gain an entrance to the Auditorium, Bryan spoke from an outer platform.

Highly Stylish Fall Furniture
Is now on exhibition, and there's a congregation of it that surpasses in beauty and variety any like collection ever brought to the Coast. Being the first in the market, our buyers were likewise rewarded by fitting a host of exclusive designs.

NEW CYCLE PATH.

**BICYCLE RIDERS WISH ONE BUILT
TO SAN MONICA.**

**A Joint Committee Representing the
Local Consulate of the L.A.W.
and the Associated Cycling Clubs
Will Interview the Supervisors.**

The people who are behind the proposed
highway to Santa Monica want business. An
enthusiastic meeting of the joint committee
representing the League of American Wheel-
men and the Associated Cycling Clubs of this
city was held in the clubrooms of the Sun-
set Wheelmen on South Main street last
evening.

The L.A.W. was represented by J. J. Jen-

ALLEN, rooms 115 and 117, Hel
corner of Second and Broadway
TO LOAN—MONEY LOANE

It was decided to ask the County Supervisors to survey and set aside a strip of ground for a cycle path along Washington street, running west for about three miles from the city limits. The Supervisors are empowered to do under an act of the Legislature of 1897. The intention of the promoters of the movement is to experiment with the use of the strip of road material, in order to find out which is best adapted to this section of the country. The fact that the strip of road material is not of the path will have to be of gravel. Oil sprinkling would also be tried, the expectation being that the gravel will not only prove from what material the entire way could best be built, but will also stir up the interest of the people to guarantee the necessary funds.

All that the committee ask of the Supervisors is that they will survey and protect them in the use of it, they agreeing to furnish the necessary money to put in the gravel. The committee estimate that the average cost per mile for the entire distance would be about \$300. To aid in raising

our rates of interest. We will
money. Private office for ladies.

tried when the fifty-mile bicycle tour was held from Denver to Palmer Lake was built, and a large sum of money was realized. The committee is confident that the coming season will be the nearest support and hearty cooperation. The ladies in the new venture and, with that end in view, are trying to decide upon a but-
 Many merchants of the city have expressed their approval of the proposed road, and it is said that the city of Santa Monica stands ready to furnish the tubular steel for the bridge in the construction. It might be supposed that the electric lines which run to this summer resort would be bitterly opposed to a cycle path, but the fact is that the Southern California president of the Los Angeles Pacific Railroad Company, takes an active interest in the project and has informally offered to supply the material at a price of \$100,000,000. The committee at the actual cost price.

MONEY TO LOAN ON REAL ESTATE
sums to suit at reasonable rates

contemplated, if they see fit, but those in charge of the project believe that they can raise all money necessary to defray the cost of building from the bicycle riders and others directly interested, without calling upon the board for any of the county funds. The report of the committee will be given at a meeting of the local consulate of the L.A.W. to be held next Tuesday night.

man who sheds his skin in its entirety regularly for the last forty-three years, is one of the curiosities of which Butte boasts. The man—J. M. Price, a fairly well educated miner—is at the present time engaged in the curious business of skinning his own skin. The method that he adopts is to first skin his hands and face and then strip it off the rest of his body in one piece.

The process of skinning his hands and face was completed yesterday and it came from the face like a mask. The man then took off his gloves and his main to test it, but they were not successful, although the skin is not thicker than the leather of a man's riding boots. He is rather tender about any publication in the newspapers. Many physicians have examined him during the last few years, but not one has been able to solve

MONEY TO LOAN ON MORT

noticed the trouble when I was six months old, and regularly every year since then I have shed my skin. It is not a new thing, but I had never satisfactorily explained, although hundreds have made examinations and inspections, why I shed my skin. I shed my skin, and that is all there is to it. Regularly on the 24th day of July of each year I feel the premonitory tingling, and on the 24th of that month I miss the 24th of that month. The first thing that I feel is nausea, and then I know that I am in for it. The skin becomes perfectly dead, and the perspiration that should come through forms in blisters under it and around it. I have to be very generally cut a circle around my wrists, and with the aid of a lead pencil strip it off my hands whole for the purpose of conserving the skin in the shape of a glove.

I take off my face in the same manner, and my nose and lips are left from my hair like dandruff. I took a long walk this morning for the pur-

rectly, 25¢; positively good re
money. Call today, 627 S. OLI

morrow. It comes off in great strips, as you can see by this photograph which was taken last year. There is no trouble with the skin during the operation, although the skin is very soft and tender during the first week or ten days. I have to lay off for about two weeks and then I am able to do it. My children do not inherit the disease from me. There is one of them, and she is nine years of age, and there has been no years of the kind ever noticed in her. Son Sam, who is now 14, was in San Francisco when I shed my skin and the doctors there preserved it in its entirety and then stuffed it. I have never seen my skin since. The mines does not affect my condition in any way that I can see. My general health is good, even if I do have skin to throw to the birds.'

THE WEATHER YESTERDAY.

U. S. WEATHER BUREAU, Los Angeles, Aug. 9.—(Reported by George E. Franklin, Local Forecast Official.) At 5 o'clock a.m. the thermometer registered 75.5; at 5 p.m., 79.2. Thermometer for the day, 75.5 to 79.2. Relative humidity, 69 per cent. at 5 a.m.; 62 per cent. at 5 p.m.; 61 per cent. at 10 p.m. Wind, 5 a.m., calm; 5 p.m., west, velocity 6 m.p.h. Maximum temperature, 76 deg.; minimum temperature, 69 deg. Barometer reduced to sea level.

DRY BULB TEMPERATURE.

Los Angeles 69 San Francisco 52

San Diego 62 Portland 55

Weather Conditions.—The pressure is rising south of the forty-fifth parallel, and an area of moderately high pressure is impinging on the California coast between Cape Mendocino and Point Conception. Cloudy mornings continue on the Pacific Coast, with rains north of Cape Mendocino. It is clear in the interior of California. Showers have fallen in the mountains, plateau regions and Western Texas.

Forecasts.—Local forecast for Los Angeles and vicinity: Cloudy tonight; fair, somewhat warmer, Thursday; rain to west hours, Friday. SAN FRANCISCO, Aug. 9.—Weather conditions and general forecast: The following maximum temperatures were reported from stations in California today:

Elmer 80 San Diego 70

Fresno 96 Sacramento 82

Los Angeles 76 Independence 88

Red Bluff 88 Yuma 102

San Luis Obispo 70

San Francisco data: Maximum temperature, 62 deg.; minimum, 52 deg.; mean, 57 deg.

The storms over Vancouver Island and Washington this morning have moved steadily eastward along the international boundary, accompanied by general rain over the northern portion of the country. The pressure has risen slowly over the greater part of the Pacific Slope. The temperature has remained fairly stationary, except over Northern Idaho and Eastern Washington, where it has fallen about 10 deg. Throughout California the temperatures are still from 4 to 8 deg. cooler than the normal, but somewhat warmer weather may be expected Tuesday.

Forecasts made at San Francisco for thirty hours, ending at midnight, August 10:

Northern California: Fair Thursday; warmer in the interior; fresh westerly wind with fog along the coast.

Southern California: Fair Thursday; northerly winds in the interior; light westerly winds on the coast.

Arizona: Fair Thursday.

San Francisco and vicinity: Fair Thursday; fresh westerly winds; fog Thursday night.

ALL ALONG THE LINE.

Lompoc, the prolific, makes her annual bow this year, and enters the business arena with the finest apple crop in years. The Record says no codlin moth attachment is among them and that buyers are now on the ground to secure the fruit while on the tree. In the opening up of rail communication with the business world, Lompoc will be in a position from this one product, like that of Fresno with raisins or the citrus belt with oranges and lemons, and foreign demand will make the Lompoc apples to be apples of gold, most assuredly.

The people of Visalia are complaining because "every clergyman save the Catholic priest is away from town on a vacation." This is proof positive that there are people in this happy land who do not know where they are well off. The average fifty-minute grind of the vacation-taking preacher, whatever it may be in ordinary weather, would in the summer solstice be only vexation of spirit for the hearers. It has been remarked by observant men, however, that the preachers who take long vacations, with closed church doors, are the very fellows who electrify young people's national assemblies with some such motto as "All at it, and always at it."

The several communities of Southern California might copy Santa Barbara in several things, to their advantage, but especially in the matter of public charity work. Every church, society and organization of any form, for the aid of poor people, is welded into one homogeneous whole, and the people know that their gifts to charity are certain to be placed where they will do good. They also know that professional bag-gars and impostors will receive their deserts. The condition of the poor in the body corporate is like that of the liver in the body corporate; the whole organism takes its tone from it. A community that cares judiciously for its poor proves rugged health in all its functions.

The Asiatic heathen is known to be an imitator of western civilization, and almost always of its meaner features; but now comes San José and presents a Japanese preacher, Rev. Dr. Kimura, who has begun a work in the city like that which made Dr. Parkhurst famous in New York. He confines his work to his lost countrymen and women, of whom there are many, which does not speak well for such a great church town. His reason for not spreading his protecting wing over the common wretchedness of that town is not given, but it is safe to assume that it is because of the fact that anything lost in San José, from a preacher's bike or a Democratic victory, up to the souls of San José sinners, is so eternally and irretrievably gone that to attempt to save it would be love's labor lost.

The Redlands Times correspondence, speaking of a new water company and its find, says: "This new company is now delivering to the orchardists a flow of over one hundred and twenty-five inches, brought from the mountain thirteen miles to the east, and hundreds of people are driving to the measuring weir upon the hill to see the water run upon the thirsty orchards." This and other finds like it are practical proofs of the position taken by The Times on the subject of subterranean water. No doubt the expenditure was great and the labor long and arduous, and at times it may have been doubtful as to whether water could be had, but grit and perseverance won the day, and now doubting Thomases are clapping their hands in else. Other thousands of doubting Thomases might be doing the same thing, if they would.

Events in Society.

[Communications intended for the society columns of The Times must be signed, and must be written on only one side of the page. Anonymous announcements of society events, personals, etc., and those which, because they are written on both sides of a page, have to be rewritten, will receive no attention.]

A party enjoyed a hay ride to Santa Monica Canyon yesterday, as the guests of Mrs. P. Agour, of South Olive street. P. Sharkey, who recently returned from the West Indies, was the guest of honor. Arriving at the canyon, luncheon was served. Besides the guest of honor, Misses Maloney, Shultz, of San Bernardino, Metcalf, Bell and Wallace; Misses Agour, Fertell, Anderson; Messrs. Charley Shultz and W. W. Wallace were present.

Miss Annie Riedrich gave the following children an outing last Saturday at Laurel Canyon: Lissie Riedrich, George Howe, Elsie Cresswell, Blossom Riedrich, Grace Riedrich, Carita Loftus, Richard, Hoot, Mitchell, Leslie Cresswell, Eddie Thompson, Glen Mitchell and George Riedrich.

Mr. and Mrs. C. O. Lewis, assisted by Miss Adeline Lewis, entertained informally Tuesday evening at their home, No. 244 Olive street. Those present were Mr. and Mrs. Small, Miss Florence Small, Mr. and Mrs. Kim, Mr. and Mrs. Lewis, Miss Lewis.

NOTES AND PERSONALS.

Mrs. R. C. Hunt of No. 1014 West Eleventh street left Monday for a two weeks' stay at Avalon, where she will be the guest of her niece, Miss Rose A. Shrimplin, Summer avenue.

Miss Anna Tutill has gone to Long Beach, where she will be the guest of Miss Jessie Page.

Mr. and Mrs. J. H. Brenner are in Catalina for a fortnight. On their return they will be at home after September 1 at No. 961 West Beacon street.

Mrs. Eva Wangelheim and Miss Maud Wangelheim left yesterday for Catalina and will be domiciled at Camp Flagstaff for several weeks.

Miss Eva Stannow of Westlake avenue and Miss Edith Moss Rhoades of St. Joseph, Mo., who have been spending a few weeks at Catalina Island, have returned to the city. Miss Rhoades leaves for Montana today.

Mrs. H. Siegel is enjoying camp life on Catalina Island.

Mrs. Jules Kauffman of San Jacinto is here for the summer, a guest at the Abbotford Inn.

Col. James H. Creighton, formerly State Librarian of Iowa, with Mrs. Creighton, and their daughter, Mrs. Christy of Phoenix, Ariz., are in the city at No. 542 South Hill street.

(RAILROAD RECORD.)

SLOW WORK ON THE "GAP."

Earnings of the Santa Fe, Prescott and Phoenix Road.

Work on the big "gap" between Santa Barbara and Surf is progressing very slowly. For four miles out of Ellwood the work is of the heaviest kind. There are four cuts in the four miles in which the aggregate amount of earth to move is 420,000 cubic yards. Much of this is hard to work.

The road is evidently intended for transcontinental use, for the work is being done in the very best manner. There are few stretches where the grade reaches 1 per cent, most of it being .80 to .85 of 1 per cent, which is almost level. There are very few curves in the line. Culverts are being put in of hewn stone as smooth and perfect as in the wall of a house. So heavy is the work that no rail will be laid on this end before the opening of 1900.

E. P. Ripley, president of the Santa Fe; W. G. Nevin, general manager in this city, and J. M. Barr, vice-president of the road, leave Albuquerque, N. M., today for this city.

Amos Burr, Coast agent of the Vanderbilt line, is here for a day or two.

Two hundred newboys of the city will visit Redondo by the Santa Fe next Saturday.

Some of the National Educational Association delegates are making a "kick" against the management of the Mt. Lowe road. They say tickets have been advertised for them at \$2 for the round trip, but when they go to the office the regular rate is demanded. Some of them state that those who "kick" vigorously get the \$2 rate, but that in case a visitor has not the necessary vigor to make a good "kick" the higher rate is exacted. The management of the road state that a \$2 rate was once allowed the teachers, but that this has been withdrawn and that all must pay the regular fare.

From advance sheets of the Santa Fe, Prescott and Phoenix Railway for the fiscal year ended June 30, it appears that the gross earnings were \$575,287.77; the operating expenses \$455,285.77; the net earnings \$120,002.02, and the receipts from investments \$10,845.24; net income of \$130,847.26. The fixed charges were \$407,086.14, leaving a net surplus of \$23,870.64.

PIONEERS' BARBECUE.

People of Rivera and Whittier Have a Celebration.

About five hundred of the pioneers of Whittier and Rivera and the neighboring country held a barbecue yesterday at a place midway between those two towns. After the menu had received due attention James McFadden of Placentia called for order and introduced the speakers.

Ex-Senator Stephen M. White delivered a pleasing speech, in which he pointed to the developments along horticultural and agricultural lines in the Los Nietos Valley, and surrounding country. Mr. Burke of Rivera also spoke, and there was music by the Whittier Band. The day's celebration concluded with a dance at Rivera in the evening. It is proposed to repeat the celebration in that community annually in future.

Suicide Mystery Unsolved.

The identity of the Main-street suicide, whose body has been at Howry's morgue since July 31, has not yet been established. S. A. D. Jones, local manager of the New York Life Insurance Company, still inclines to the opinion that the dead man is Aaron Wolfsohn, alias Arthur Wolfson, for whom he wrote a \$10,000 policy last March. It will take further proof, however, than has yet developed to establish the claim of heirs of Wolfson for the insurance money, should any claimants make a demand for payment of the policy.

Mail Orders Promptly Filled.

HERE'S A TOP NOTCH

In the public favor that we try hard to reach—not by any trickery or false advertising, but by plain statements of store facts, and have the goods at the price when you come.

This season has brought us a wonderful demand for

GOLF SHIRTS

Perhaps our splendid assortment from the dainty to the staid, their comfort and serviceableness, their all-around value in style and quality for little money, has stimulated their use.

City Briefs.

The Times business office is open all night, and liners, death notices, etc., will be received up to 1:30 a.m. Small display announcements may be sent in up to that hour, but large display ads. cannot be attractively set if brought in later than 8:30 p.m. Telephone Main 29.

An attractive and desirably located unfurnished house of six rooms, with all modern improvements, rent \$20 per month, No. 1020 West 24th street. Apply to Mrs. G. W. Bassett, 1102 W. 24th street.

Skinner & Ray will open their new store at 209 West Third street, Douglas building, this morning, with a stock of the celebrated "Bert & Packard" "Korret Shape" shoes.

The Times job office has removed temporarily, while new building is being erected, to basement of Times Building.

All kinds plain machine composition at 20 cents per thousand ems, standard measure, at Times Job office.

Dr. Fritchard cures rectal diseases when others fail. 424 1/2 South Spring. Puns repaired, D. Bonoff, 247 S. Bdw. Drawn work sale at Campbell's.

There are undelivered telegrams at the Western Union telegraph office for Mrs. E. Cady, Lucille Laverno, Herman Kobbe, H. R. Tibbits, Frank Kuckler, John P. Peck.

Jane Turca was arrested on Alameda street last night by Policeman Berg on a charge of indecent exposure. She deposited \$10 cash bail for her appearance before Justice Austin this afternoon.

The inquest over the remains of Arthur Holmes, the infant which died at the home of its parents No. 1627 West Twelfth street, Tuesday afternoon, from the effects of arsenic poisoning, resulted in a verdict of accidental death.

Henry Haas of No. 124 Naud street is the latest victim of the organized gang of bicycle thieves who appear to be reaping a rich harvest in this city. Mr. Haas reported to the police yesterday that a wheel on which he had ridden more than seven thousand miles has been stolen.

Peter Zenz got into an argument with another man in a North Main street lodging-house last night and received a blow in the center of the forehead. He sustained a cut one and one-quarter inches in length and was sent to the Receiving Hospital where three stitches were taken in the injury.

FOUR FAILED TO FILL.

Change in the programme for the Fall Races.

Out of the eight harness races on the programme for the fall meeting of District Agricultural Association, No. 6, at Agricultural Park, tries for which closed August 1, four failed to fill. At a meeting of the board of directors of the association yesterday these races were declared off. They are the three-year-old trot, the three-year-old pace, the 2:08 pace, and the free-for-all pace. Only one entry was received in the first of these events, and in the second. In the 2:08 pace four entries were made and five in the free-for-all. The association will offer other purses for the stake events declared off, and due time will be given to secure a sufficient number of entries to make the races interesting.

In the 2:20 class trot there were eleven entries. In the 2:13 class trot fourteen entries; in the free-for-all trot nine entries, and in the 2:20 class pace sixteen entries.

WHITE SERIOUSLY INJURED.

Crushed Under a Condenser at the Cold Storage Works.

J. White, an employe of the Ice and Cold Storage Works on Mesquite street, received injuries yesterday afternoon which may result fatally.

White was caught under a massive iron condenser, which was being unloaded at the works. When taken out by his fellow-workmen he was in an unconscious condition and was removed to the Good Samaritan Hospital in Breeze Bros' ambulance. Dr. E. V. Van Norman was called to attend the injured man, and found that several of White's ribs had been broken and his spine seriously injured.

Dr. Van Norman said last night that his patient was resting quietly, but the extent of his injury cannot yet be definitely ascertained. White is a married man and lives in one of the houses adjoining the company's works.

WORK WANTED FOR BOYS.

Inmates of the Newsboys' Home Need Employment.

There are seventeen boys at the News and Working Boys' Home for whom the ladies in charge of that institution would like to find employment. Most of these boys are too small to do any heavy work and it is therefore difficult to find places for them. Five of them, however, are strong enough to fill paying positions if such could be found for them.

A meeting of the directors of the home was held yesterday morning, and such business as had accumulated since the last meeting was disposed of. Mrs. M. E. Threlkeld, president of the home, in Santa Monica and could not be present. Mrs. Brainerd Smith, who is recovering from a long and serious illness, was present, and being her first appearance there for many weeks. She was warmly welcomed.

The directors announce that contributions of fruit to be canned at the home, or fruit already canned, is greatly desired there, and such gifts will be gratefully received. It is greatly appreciated by the boys during the winter.

On account of the engagement of Ellen Beach Yaw with an English company she will not be able to give the concert that she expected to give in the season for the benefit of the home.

Took Laudanum for Insomnia.

E. P. Rasmussen, of the firm of Rasmussen & Steffen, No. 110 South Los Angeles street, was treated at the Receiving Hospital last night. Rasmussen, who lives at the United States Hotel, has been unable to sleep for several nights, and about 10 o'clock yesterday morning he took a dose of laudanum to induce sleep. He went to sleep and did not wake up until 8 o'clock last night. When he awoke he felt sick and light-headed. He went to the bathroom and took a glass of beer, but the liquor only increased his discomfort, and he applied at the hospital for relief. He was treated and put to bed.

PERSONALS.

Capt. A. J. Bradish, chief of police detectives, starts his annual vacation of ten days today. Capt. Bradish will put in his time while off duty in superintending repairs to his old home on Fifteenth street between Grand avenue and Hope streets, which he has just repurchased.

"BISHOP'S BEER."

Absolutely non-intoxicating. It looks like beer, tastes like beer, foams like beer. The great health beverage, introduced on this coast by the temperance workers of Chicago, and now enjoyed by thousands in California. HOME SALON CO., Warehouse, Second Street and Central Avenue.

Baking Powder

Made from pure cream of tartar.

Safeguards the food against alum.

Alum baking powders are the greatest menaces to health of the present day.

ROYAL BAKING POWDER CO., NEW YORK.

CHAMBER OF COMMERCE.

Information Concerning Exhibits at the Paris Exposition.

At a meeting of the board of directors of the Chamber of Commerce yesterday afternoon the special committee appointed to act on the Paris Exposition matter submitted a report. The report showed that the committee had addressed a communication to the California Paris Exposition Commission at its headquarters in San Francisco, making inquiry concerning the commission's plans with reference to the disposition of the State appropriation.

The report also included a copy of the reply received from the secretary of the commission, who says that the purpose of the commission is to represent the State as a whole. Among those whom the commission has placed in charge of departmental exhibits are Charles G. Yale, mining and metallurgy; L. A. Emlay, horticultural and agricultural; Thomas Hatch, forestry; W. H. McNeill, etc.

Continuing, the secretary of the commission, says: "We cannot impress upon you too strongly that we are relying upon the southern part of the State to furnish our fresh fruit exhibit. A system of cold storage will be inaugurated at Paris by the United States commission, and by making shipments from your district twice a month, we will be enabled to keep fresh fruits constantly on display. We would like to have photographs of orchards and vineyards in detail; also photographs of places of resort, beautiful buildings, etc. In addition to the headquarters, which the commission will have in the exposition grounds, we propose having headquarters in the congested districts of Paris for the purpose of not only caring for the California people and their friends in the matter of looking up accommodations for them and such other information as may be required, but to further augment our exhibit in the fair grounds, we are going to make a specialty of photographs and literature. If you have any large colored photos which you would like hung on the walls of our downtown rooms, send them to us, addressed to 'California Paris Exposition Commission, Warehouses, No. 417 Pine street, San Francisco.' Any literature that your county or adjacent counties may prepare and send to us will be carefully distributed where it will do the most good."

Mr. McNeill and Mr. Emlay, the above named departmental heads, addressed the board, explaining in detail some of the matters connected with the exhibits. They expect to remain in town a few days to confer with manufacturers and horticulturists regarding preparation of exhibits.

Hamilton Jones of San Diego was heard regarding the tobacco industry in Southern California. A communication from Senator George C. Perkins said that, in the matter of the treaty between this country and Jamaica, he would use every effort to protect California's interests, provided it should be submitted to the Senate for ratification.

POLICE COURT NOTES.

Drunken Solicitor Punished for Indecent Exposure—Other Cases.

Drunks were principally in evidence in the Police Court yesterday when Justice Austin held his regular judicial matinee. J. C. Buell, an alleged newspaper solicitor, headed the list. Buell and J. C. Crimmins, a solicitor for a dyeing establishment, while intoxicated Tuesday afternoon, approached a house in Sonoma town and asked for something to eat. The lady of the house told them it was against her principles to feed drunken beggars. Crimmins accepted the refusal good humoredly, but Buell retaliated with indecent language and exposure of person. The court fined Buell \$15 and Crimmins \$5; any other of them had any money they went below. Thomas Lipscomb was fined \$5, and J. Watson, R. H. Gunn, John Sweeney and Gerardo Diaz \$3 each, and A. Linton \$2, all for drunkenness. Dan Sullivan was fined \$2 for dumping garbage in the river bed. Joe Howard and Charles Holmes were convicted of petty larceny; the case was continued till 11 o'clock today.

MARRIAGE LICENSES.

The following marriage licenses were issued yesterday from the office of the County Clerk:

Edwin Roth, aged 25, a native of Tennessee, and Meta A. Aphoid, aged 23, a native of California; both residents of Los Angeles.

Leo L. Mettler, aged 22, a native of Iowa, and a resident of Norwalk, and Lillie D. Beaver, aged 20, a native of Iowa and a resident of La Mirada.

Cornelius Wilcox, aged 26, a native of Wisconsin, and Gertrude Shipman, aged 26, a native of Illinois; both residents of Los Angeles.

Fred W. Wildung, aged 25, a native of Minnesota, and M. Schlegel, aged 17, a native of Kansas; both residents of University. The father, Leonard Schlegel, gives consent to his daughter's marriage.

BIRTH RECORD.

WRIGHT—At Ridgewood Park, Gaderick, Ontario, Can., August 2, 1899, to the wife of Gilbert S. Wright, a daughter, stillborn.

DEATH RECORD.

HALT—In Pasadena, August 8, 1899, at the residence of her granddaughter, Mrs. R. W. Priddy, mother of Mrs. W. D. Gould, Los Angeles, and Isaac W. Halt, New York, aged 99 years 10 months and 13 days.

HOLMES—In this city, August 8, 1899, Arthur J. Holmes, a native of California, aged 1 month, child of Mr. and Mrs. P. J. Holmes.

Funeral from residence, No. 1627 West Twelfth street, at 10 a.m. today. Friends invited.

CARD OF THANKS.

We hereby acknowledge our sincere thanks to the many friends and acquaintances for the good will and kind favors which they bestowed on us in this, our most sad bereavement.

Women's \$5.00 Tan Shoes and Oxfords Reduced to \$3.50.

You know that \$5 spent for a pair of shoes at Hamburger's buys more shoe goodness and nobbiness than the same money can possibly buy in the average exclusive shoe shop. This subject does not permit of debate. It is a too-well established fact. Our regular \$5 tan shoes and Oxfords are reduced now to \$3.50, a saving of \$1.50 on each pair. Descriptions follow. Also the news of other reductions.

Women's tan shoes in the newest up-to-date styles, made with turn soles and kid or cloth tops; either Louis XV. or common-sense heels; regular, reduced to \$3.50

\$5.00 tan lace and button shoes made on the newest shape last with round toes; all sizes and widths, reduced to \$3.50

Women's \$5.00 tan Oxfords made with hand-turned soles and new round toes, all sizes; cut now to \$3.50

Women's \$3.50 tan Oxfords, made with cloth tops and new coin toes; all sizes and widths; very stylish shoes; reduced to \$2.25

Girls' \$2.00 tan lace and button shoes, made with spring heels, coin toes and cloth or kid tops; sizes 11 to 2; reduced to \$1.50

Children's \$1.50 tan button and lace shoes, made with new round toes and honest wearing soles; style and wear combined, at \$1.20

Mid-summer Undermuslins

No word as to the goodness of quality and making is necessary, you know fully well that skimpiness and sweatshopness are carefully eradicated from this great store. Mid-summer prices are wonderfully little prices.

Two styles of corset covers, one of soft muslin, full front, trimmed with embroidered edge and one of the fine cambric cut "V" neck and trimmed with embroidery, sizes 34 to 44, on sale at \$25c

Gowns made of a good grade of muslin with yoke of narrow tucks and finishing braid, well made and very dainty, at \$39c

Gowns made of cambric, with yoke of narrow tucks, good width and length, unusually good for \$50c

Gowns of fine cambric, yoke of narrow tucks and embroidered insertion, neck and sleeves trimmed with embroidery, on sale at \$1.00

Skirts of fine cambric, made with triple knee flounce of fine lawn with clusters of tucks, 5 yards wide, priced at \$1.50

Skirt chemise of fine muslin, yoke of solid tucks and insertion, bottom finished with cambric, on sale at 50c

Children's drawers of fine muslin, made with a deep hem and clusters of tucks, ages 9 to 14 years at 30c, 5 to 8 years at 15c, and 2 to 4 years at 10c

Children's drawers of an excellent muslin, trimmed with pretty patterns of embroidery, ages 9 to 14 years at 30c, 5 to 8 years at 20c and 2 to 4 years at 10c

SECOND FLOOR

Shirt Elegant white and colored lawn and percale shirt waists that sold earlier in the season for \$1.50, some handsome blouse effects and some are trimmed with 2 rows of insertion across the front, they are somewhat soiled from handling and display, hence the reduction; priced now at 75c

Imported gingham and French plaid shirt waists with embroidered insertion across front, our regular \$2.50 to \$3.50 waists, on sale at \$1.98

SECOND FLOOR

Silk An elegant assortment of plain colored taffeta silk waists nearly all shirt waist styles, trimmed in front and over shoulders with 8 rows of cording, both plain and pointed yoke backs, collars to match, waists that have been selling for \$6; reduced now to \$3.95

SECOND FLOOR

Not old styles, Not odd lots or job lots, Not undesirable colors, Not unbecoming shapes, But New, Fresh, Pretty, Stylish Shapes, that are worth five and ten times the price we ask for them. See the special display in our window—that will show you just what they are.

WONDER MILLINERY, 219 South Spring.
